About the Author

Ciaran McHale has a Ph.D. in computer science from Trinity College Dublin. He has been working for IONA Technologies (www.iona.com) since 1995, where he is a principal consultant. His primary talent is the ability to digest complex ideas and re-explain them in simpler ways. He applies this talent to subjects that stir his passion, such as multi-threading, distributed middleware, code generation, configuration-file parsers, and writing training courses. You can find details of some of his work at his personal web site: www.CiaranMcHale.com. You can email him at Ciaran@CiaranMcHale.com.

Acknowledgements

Ciaran McHale's employer, IONA Technologies (www.iona.com) generously gave permission for this training material to be released under an open-source license.
